In order to qualify for this reduced rate, the youth athletic league must be the customer, and this reduced rate applies only to the additional service requested by the league beyond the basic solid waste service provided to the Parks and Recreation Department for each facility.
- (b) Commercial-Residential Mixed-Use Accounts: Solid waste services received by commercial accounts that also provide for residential units within the same structure shall be considered as “commercial only” accounts and such residential units shall not be required to pay the per-unit fee as defined in Section 1 (c) of this Resolution. The calculated charges for these “commercial only” accounts will be based on the number of containers placed at the business and the number of picks per week as defined in Section 2 (a) and (b) of this Resolution.. A recycling rate of \$4.38 shall be applied to the commercial rate for each residential unit within each of these designated commercial-residential accounts.
- (c) Additional Services: The Solid Waste and Recycling Manager shall determine charges for additional services not provided for in this resolution. The provision of such additional services, and the charges for such additional services, are subject to review and approval by the Director of Community Development.
- (d) Recycling Inspection Services: All recycling roll-out containers placed out for collection from single family residences, up to and including fourplexes, shall be inspected periodically for non-recyclable solid waste. For those single family residences that go through the recycling enforcement process and subsequently have their recycling cart removed and subject to paying the garbage-only rate, they may request that the garbage-only rate be waived, changing the status back to the standard rates, provided they meet the following conditions: the garbage-only rate must be paid for a minimum of two months; they must contact the City and request to attend and complete a “Recycling 101” class offered by the City at a date, time and location to be determined; and, the request to attend the “Recycling 101” class must be made within ten (10) days after receiving the Final Recycling Notice from the City.

In addition, all large recycling containers placed at participating multifamily-apartment complexes shall also be inspected periodically for non-recyclable solid waste. Whenever a recycling container has been removed and replaced by an equal

number of solid waste containers pursuant to LMC 7.12.130, the rate for solid waste shall be based on the number of containers assigned for the multifamily-apartment complex and the number of picks per week for collection until it has been determined the recycling service may be reinstated, subject to LMC 7.12.130.
