Dear members:

The Longview Outdoor Gallery is pleased to donate another sculpture to the City of Longview.

"Universal Beginnings" is by Tim Foertsch. It is six feet in height and 3 ft. wide, weighs 300 pounds and is made of reclaimed metals (metal float, springs, rebar, semi-truck parts). Care is soap and water as needed. The Insurance value of the sculpture is \$750.00.

We were delighted when Mr. Foertsch donated this art to LOG. Currently the piece is displayed on N.E. corner of Commerce and Maple.

Sincerely,

A handwritten signature in blue ink that reads "Jeanene Lerae". The signature is written in a cursive, flowing style.

Jeanene Lerae
Longview Outdoor Gallery
