

beautiful large trees create a grand and welcoming ENTRANCE to the park

a small COMMUNITY GARDEN provides (20) 15'x15' plots for gardening on the park's property; the garden is surrounded by a locked fence and has a small shared storage shed, water access, and a bulk material drop-off area

an ORCHARD creates a shady outdoor gathering space and provides fresh fruit for park-goers to pick; community events and education programs could be scheduled during the trees' harvest times

the BASKETBALL COURTS are lit and have a wider plaza-like area for viewing games and staging events during tournaments

the CHILDREN'S PLAY AREA accommodates toddlers and school-age children, and is a combination of natural play elements and manufactured play equipment; orchard trees spill into the nature play area and an arching sidewalk divides the more natural play from the more structured play; the nature play area contains large and small trees, log seating elements, a stone story circle, and earth mounds for added interest; the play equipment is set into wood safety surfacing material; curving seatwalls and a variety of benches provide plenty of places for people to sit and enjoy the park

the PICNIC SHELTER area includes an open-air structure w/ picnic tables, barbecues, a water fountain, trash receptacles, and electrical outlets

a MULTI-USE BUILDING provides space for indoor activities; the restroom can be accessed from inside or outside the building and is open to the public during regular park hours

the NORTH PARKING LOT has 34 spaces and a planting palette that blends the parking area into the park

a large PUBLIC PLAZA with benches doubles as a WATERPLAY AREA when the flush water jets are turned on

on either side of the upper open lawn area, CONCRETE SEATWALLS AND LARGE TREES provide shady places for people to sit and watch soccer games, enjoy community events, or relax along their evening stroll

the T-BALL FIELD has portable fencing that is only used during the baseball season

the MAJORS-MINORS/ROOKIE FIELD has permanent infield fencing and portable outfield fencing, and portable pitching mounds make this field usable for different age groups; when baseball season is over, the fences are removed and the entire space becomes a flexible, open lawn area for community events and impromptu park activities

the CONCESSIONS/PRESS BOX building also contains a restroom that is open to the public throughout the sports seasons during regular park hours

the MAJORS-MINORS FIELD has lights and permanent infield and outfield fencing that stay up year-round, as well as portable pitching mounds that make it usable for different age groups

the SOUTH PARKING LOT has 58 spaces and plantings that blend it into the park, but keep it open enough to promote safety

the TRAILHEAD connects the park to the future Highlands Trail
