

Longview Parks and Recreation Community Assessment Survey

Welcome to the P&R Comprehensive Plan Survey!

The purpose of the Comprehensive Plan is to develop and establish a community supported road map for the provision of high quality parks, trails, recreation facilities, and open spaces throughout the City of Longview. The comprehensive plan identifies current and future park and recreation needs within the service area and sets forth goals, objectives, standards, and guidelines to improve parks, trails, recreation facilities, and open spaces.

We need your help in identifying the needs of the community to enable the department to work towards reaching those goals and being able to provide the community with happier, healthier, active, and more playful place to live!

Longview Parks and Recreation Community Assessment Survey
