## Chapter 19.42

### FARMERS MARKETS – SPONSORED BY RELIGIOUS ESTABLISHMENTS OR SCHOOLS

Sections:

19.42.010 Purpose and application.

19.42.020 Definitions.

19.42.030 Siting criteria

#### **19.42.010 Purpose and application.**

The purpose of this chapter is to allow small local farmer's markets to be located on places of worship sites or school sites. These local markets would provide greater access for the community to healthy food; enhance the sense of community in livable neighborhoods; encourage walking instead of driving and generate economic benefit to the community. The intention is to serve local households within the neighborhood of the market. Limits on the scale of these markets are needed to avoid significant adverse impacts to individual neighborhoods.

This chapter is applicable to the R-1, R-2, R-3, R-4 and TNR zoning districts.

#### **19.42.020 Definitions.**

"Farm products" means fruits, vegetables, mushrooms, herbs, nuts, shell eggs, honey or other bee products, flowers, nursery stock, livestock food products (including meat, milk, cheese, and other dairy products), and fish.

"Farmers' market" means a market at a fixed location, open to the public, operated by a religious establishment at their place of worship or by public or private schools that meet state requirements for elementary, secondary or higher education at the school site. Vendors who regularly participate during the market's hours of operation are producers, or family members of producers. Only farm products and value-added farm products are sold. No alcohol products or marijuana infused products shall be sold.

"Places of worship sites" means a property that includes a special purpose building that is architecturally designed and particularly adapted for the primary use of conducting formal religious services on a regular basis.

“Producer” means a person or entity that raises or produces farm products on land that person or entity farms and owns, rents, or leases.

“School” means an institution of learning for minors, whether public or private, offering regular course of instruction required by the Washington Education Code. This definition includes kindergarten, elementary school, middle or junior high school, senior high school, or any special institution of education.

“Value-added farm product” means any product processed by a producer from a farm product, such as baked goods, jams, and jellies.
