

Memorandum

August 31, 2016

TO: Longview Planning Commission

FROM: Steve Langdon, Planning Manager

SUBJECT: Wireless Facilities Codes – new drafts

Attached are two draft wireless facilities codes: “Chapter 16.75 Wireless Communication Facilities” primarily will regulate the siting of new facilities, “Chapter 16.80 Eligible Facilities Modifications will regulate the modification of existing wireless facilities. The new draft Chapter 16.80 is much shorter than the one the planning commission considered earlier.

I have given you a clean copy (recent changes are not noted) of the draft Chapter 16.75. I am hoping that planning commission members will take a fresh look at the draft. However, I will highlight some of the changes at the meeting.

If you have any questions or concerns, please contact me at 442-5083.
