RE: Port of Longview's Proposal to amend the City of Longview's Comprehensive Plan Future Land Use Map, Case Number PC 2015-5

Director Brickey:

Thank you for taking the time to speak with me regarding the Port of Longview's application to amend the City of Longview's Comprehensive Plan Future Land Use Map, Case Number PC 2015-5, submitted in June 2015.

Based on our conversation, the Port of Longview is respectfully asking that the City of Longview's City Council reconsider the postponement of the Port's application. Time is of the essence for these matters, and with the Comprehensive Plan's extension, this affects our ability to market the property for future economic gains within this community.

Please let me know if you would like to further discuss this matter. I look forward to the City's response.

Best Regards,

PORT OF LONGVIEW

Norm Krehbiel
