(Attach additional sheets as necessary)

**Describe Your Proposed Amendment. Also provide suggested new language if *Text Amendment*:**

The proposal is to amend the City of Longview's Comprehensive Plan Land Use Map by reverting the  
Land Use District from its present designation of "Mixed Use Residential/Commercial" back to "Heavy  
Industrial" for the purpose of making it consistent with the city zoning map. The amendment area is  
approximately 136 acres in size and consists of the six parcels noted above.

(Attach additional sheets as necessary)

**Describe why the amendment should be made and why it is in the public interest (e.g., correcting an error, improving consistency, addressing a need that is currently lacking, etc.)**

The amendment will improve consistency by bringing a portion of the city's Comprehensive Land Use Plan into conformance with the city zoning designation. Currently, the city Comprehensive Land Use Plan shows the parcel areas as "Mixed Use Residential/Commercial" while the city zoning map shows the parcel areas as "Manufacturing District" (HI). It is understood that around the time frame of 2006, the Comprehensive Plan designation was changed from "Heavy Industrial" to "Mixed Use Residential/Commercial". The zoning designation of Manufacturing District (HI) has not been updated because a zoning designation for "Mixed Use Residential/Commercial" has not been drafted and, to date, the city has not received a mixed-use type development proposal. In October 2010, the Port of Longview purchased three of the parcels noted in this application as part of the 275-acre acquisition of the Terra Firma site located at Barlow Point for the purpose of expanding industrial operations. Amendment of the Comprehensive Plan designation back to "Heavy Industrial" will provide consistency with the current zoning designation and will allow the Port to grow and continue generating benefits for the community.

**Describe how the current language or map designation affects you or your property.** \_\_\_\_\_

The current Comprehensive Plan designation is in conflict with the current zoning designation. This conflict prevents property owners from understanding the permitted uses and regulations associated with their property. The Comprehensive Plan and Zoning Plan are intended to work together to minimize impacts to the environment while allowing for growth. The current situation is in conflict with this intent.
