BID REVIEW - MINT FARM SEWER PUMP STATION VFD REPLACEMENT

COUNCIL STRATEGIC INITIATIVE ADDRESSED:

Provide sustainable water quality & environmental infrastructure

SUMMARY STATEMENT:

This project consists of removal and replacement of two existing 150-hp Siemens Robicon Variable Frequency Drive (VFD) units at the Mint Farm Sewer Pump Station on Prudential Boulevard.

On June 27, 2018, four bids were received as follows:

- \$129,341.65 - Hamer Electric Inc., Longview, WA
- \$133,233.25 - Advanced Electrical Technologies, Longview, WA
- \$142,364.46 - J.H. Kelly, LLC, Longview, WA
- \$156,745.00 - Northeast Electric, LLC, Woodland, WA

\$83,000.00 - Engineer's Estimate

All bids received were determined to be regular and responsive and the bidders are licensed to perform the work.

The low bid exceeds the engineers estimate by 55.83% and exceeds the budget for this work. Staff believes that rejecting all bids and re-advertising the project to receive new bids will result in lower bid prices.

FINANCIAL SUMMARY:

This project is funded by the Sewer construction fund.

RECOMMENDED ACTION:

Motion to reject all bids received for this project.

STAFF CONTACT:

Chris St.Onge, Project Engineer
