### **BID REVIEW - MINT FARM SEWER PUMP STATION VFD REPLACEMENT**

#### **COUNCIL STRATEGIC INITIATIVE ADDRESSED:**

Provide sustainable water quality & environmental infrastructure

#### **SUMMARY STATEMENT:**

This project consists of removal and replacement of two existing 150-hp Siemens Robicon Variable Frequency Drive (VFD) units at the Mint Farm Sewer Pump Station on Prudential Boulevard.

On June 27, 2018, four bids were received as follows:

\$129,341.65 - Hamer Electric Inc., Longview, WA  
\$133,233.25 - Advanced Electrical Technologies, Longview, WA  
\$142,364.46 - J.H. Kelly, LLC, Longview, WA  
\$156,745.00 - Northeast Electric, LLC, Woodland, WA

#### **\$83,000.00 - Engineer's Estimate**

All bids received were determined to be regular and responsive and the bidders are licensed to perform the work.

The low bid exceeds the engineers estimate by 55.83% and exceeds the budget for this work. Staff believes that rejecting all bids and re-advertising the project to receive new bids will result in lower bid prices.

#### **FINANCIAL SUMMARY:**

This project is funded by the Sewer construction fund.

#### **RECOMMENDED ACTION:**

Motion to reject all bids received for this project.

#### **STAFF CONTACT:**

Chris St.Onge, Project Engineer
